IMAGINE... an urban sanctuary just 2km from the centre of the world's most livable city. Bello is close enough to walk to everything, but far enough away that you can retreat from the city's hectic pace whenever you like.

PICTURE... a place where everything you need is close by - easy transport, the best sports recreation facilities, great hospitals, universities, schools, theatres and galleries.

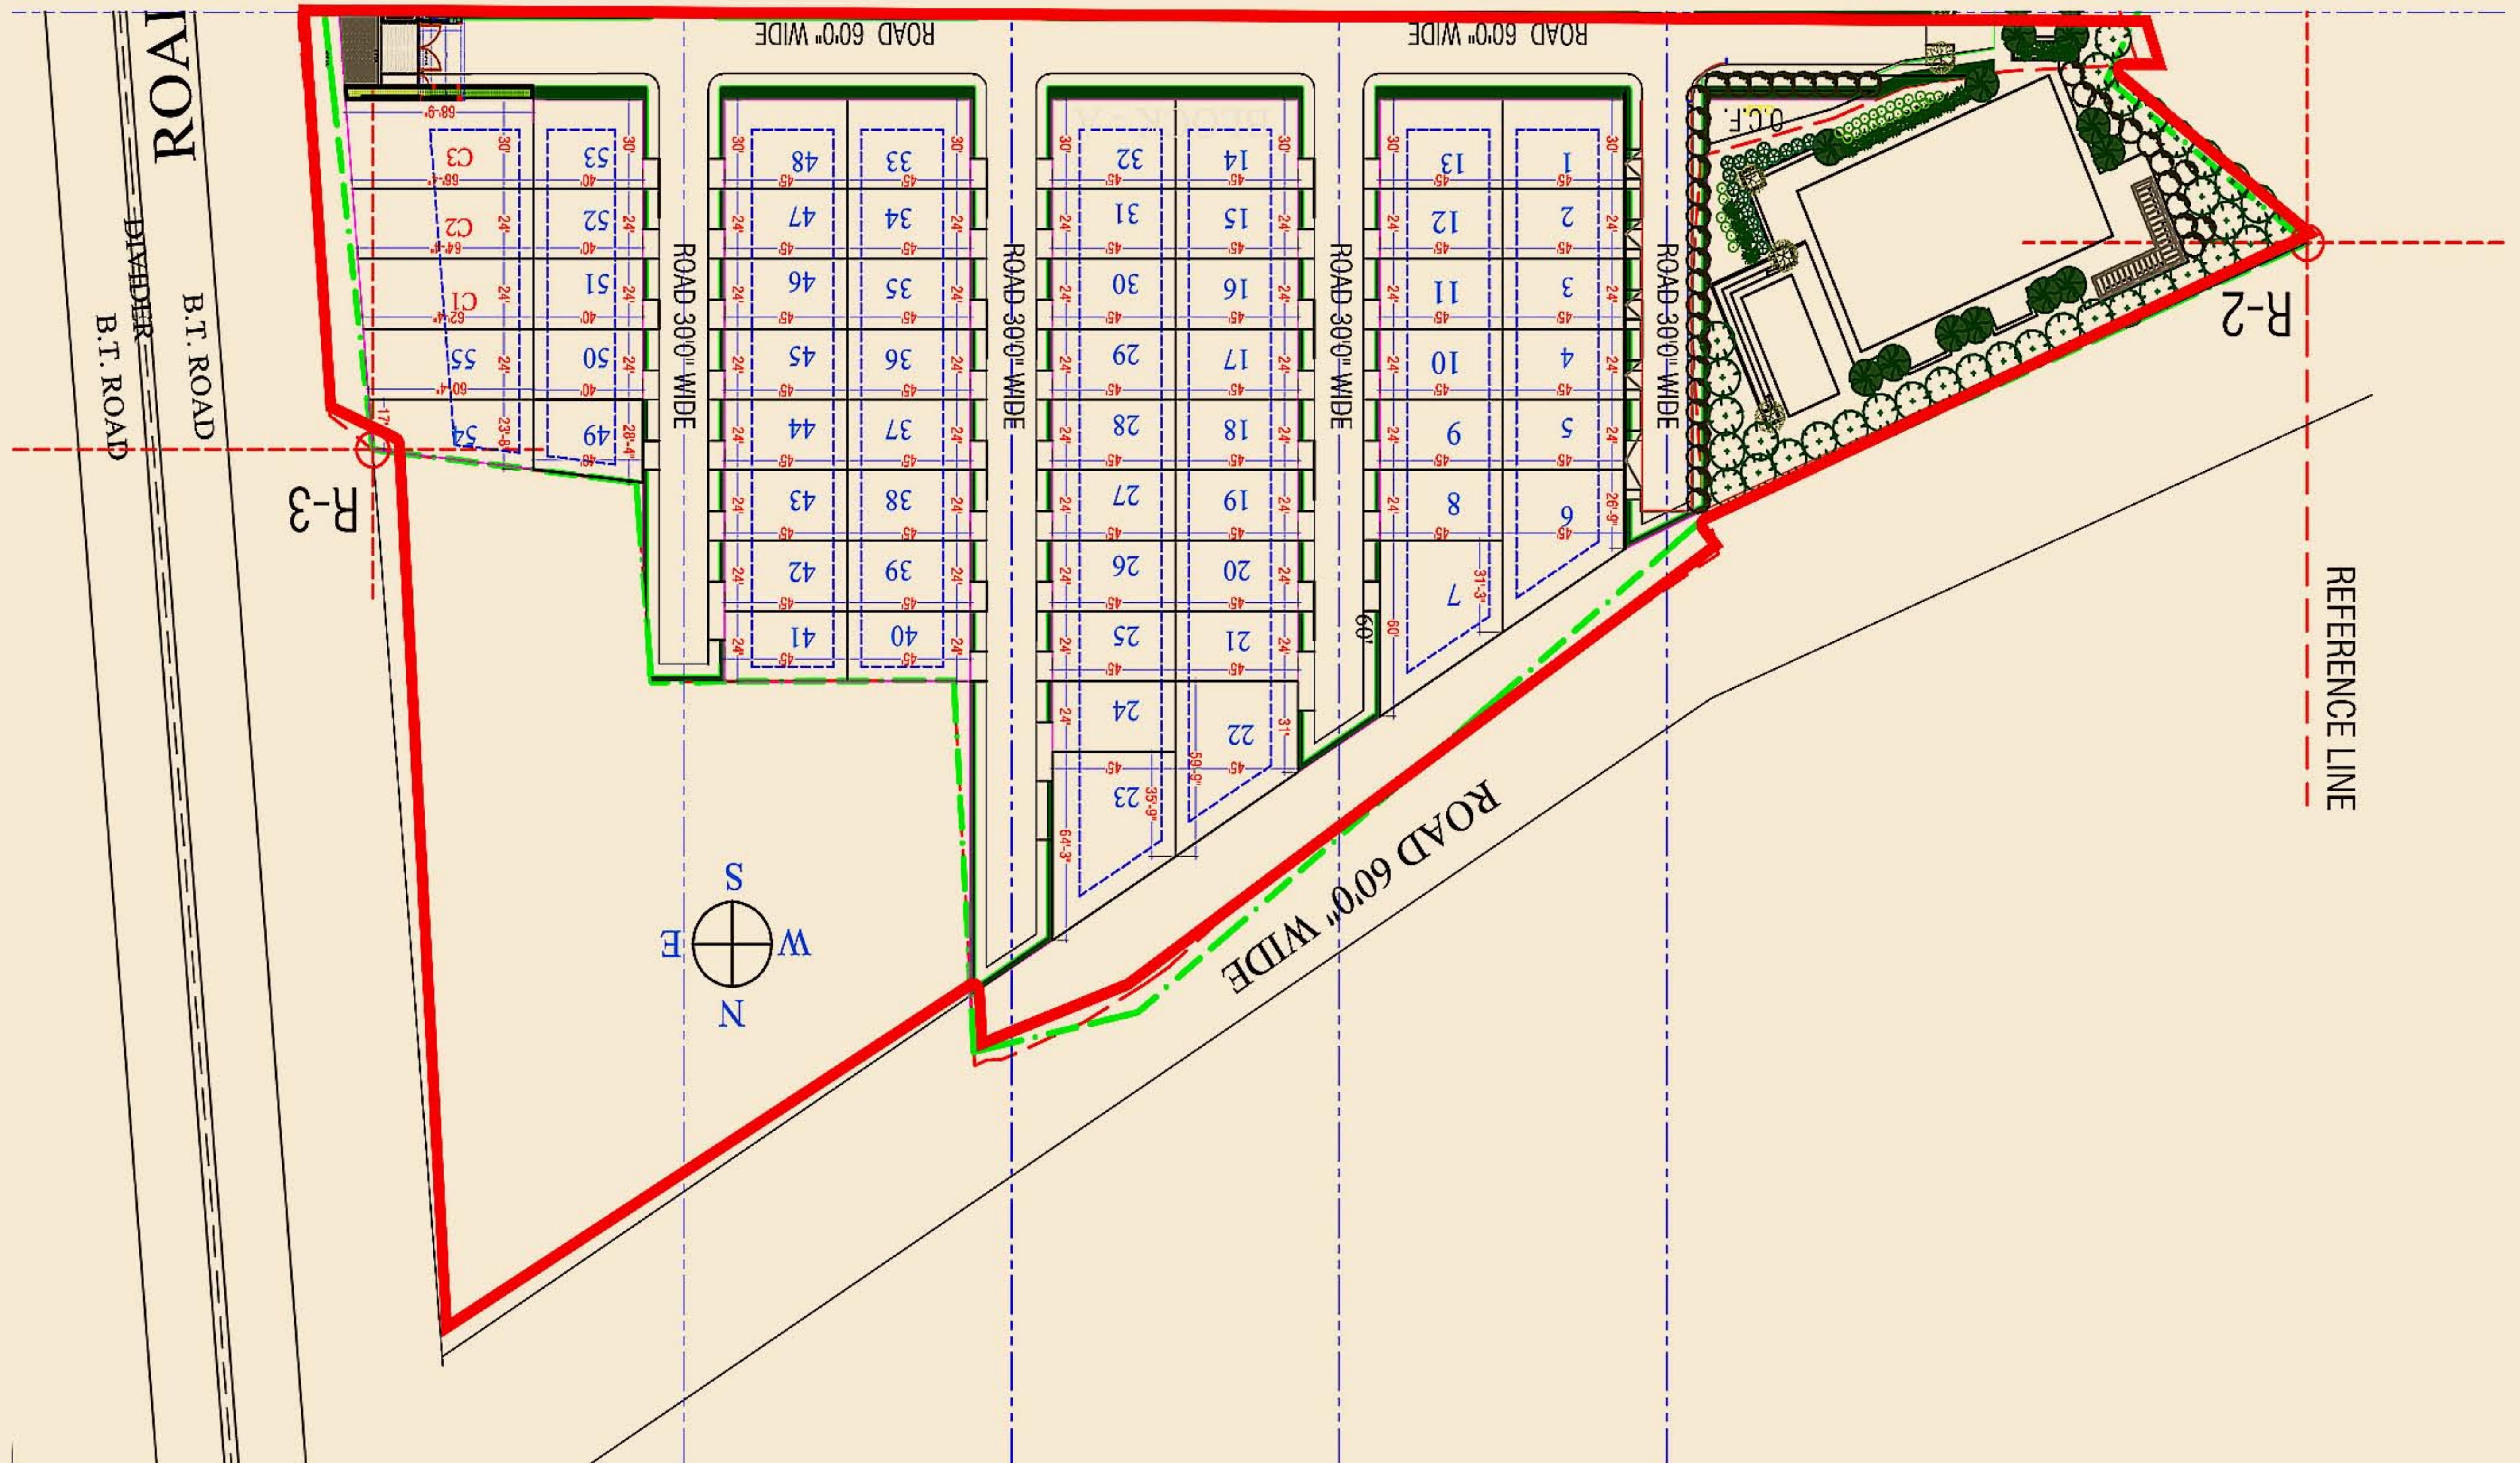

THINK... a thriving locale where old world charm meets the future. North Melbourne's cobbled laneways, grand Victorian architecture, majestic parks and quaint workers cottages are perfectly balanced by some of the city's finest cafes, restaurants, shopping and bars.

Grotech was established in 1991 with a small setup with vision to give a new dimension to Indian Landscape Industry. Right from beginning Grotech tried to work as an organized team in Indian Landscape Industry with professional approach and to follow standard practices equivalent to International Standards.

Grotech started for the first time in India with "Landscape Engineers". They were trained to work as a complete solution provider to all external works, which afterwards become a complete Landscaping subject in Indian Market. The biggest advantage of this was in interfacing the activities with closure coordination and also to understand all specialized features of landscape.
